DETAILED ACTION

This office action is a response to the after final reconsideration filed on 11/17/2005.

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: Upon further consideration with applicant's arguments, examiner agrees with the applicant's counsel that the prior art of record Gill is not a proper reference because the present invention and Patent Gill were, at the time of invention of the present invention was made, commonly owned by same assignee such as IBM. Therefore, examiner hereby withdraws the last final office action mailed on 11/7/2005 in view of the request for reconsideration filed on 11/17/2005, the finality mailed on 11/7/2005 is hereby withdrawn. In addition to that the prior art of record fails to disclose the claimed invention such as a partial free sub-layer disposed on the barrier layer at a thickness that is less than a final thickness of a completed free layer to be formed on the barrier layer. It is not obvious taken alone or in combination of other references fairly to suggest the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Claims 19, 20, 22-26 are allowed.
